

## BUSINESS BEGINS AT SARATOGA N. Y.

### THE CHURCHMEN GET DOWN TO THEIR WORK.

**The Presbyterian Delegates Wrangle Over Young People's Church Societies—Chairman of Committee Selected—Methodist Conference Elects Officers—Resolutions Adopted**

Saratoga, N. Y., May 23.—In the midst of great confusion and much wrangling over the "societies" question, the Presbyterian general assembly broke up at 5 o'clock this afternoon. Vice-Moderator Benjamin L. Agnew, of Philadelphia, enforced the adjournment rule in the nick of time to save the report of the special committee on young people's societies and their relations to the church. Resolutions had been adopted directing that a "statement of relations" be sent to the separate societies, to be read by them, and reaffirmed the action of the assembly in 1893. One recommendation of the committee was entirely eliminated after an animated discussion and after a division. It related to the formation of presbyterial unions of young people's societies in all of the presbyteries. The action in this direction was due to the belief that the plan as proposed would seriously interfere with present interdenominational associations and co-operation.

The report of the committee on the denominational missionary periodical showed successful operation during the year in spite of a slight decrease in circulation. An outline of a Christian training course for young people's societies was proposed on behalf of the periodical and after some discussion was adopted. Dr. John Fox, of Brooklyn, reported on the temporalities of the church, recommending a change in the constitution in regard to the office of deacon, and suggesting that the property of the churches be committed to the board of deacons when possible. It was continued and made a special order for this morning.

A statement of the relations between these individual societies and the church was presented, in which it was asserted:

"This assembly recognizes as under the jurisdiction of the church all young people's religious organizations of every name which are to be found within its churches or composed of the members of its churches. In general these societies are to be organized and to work in conformity with the historic portion of the church, as expressed by her standards and interpreted by her courts. Each such society is under the immediate direction, control and oversight of the session of that church in which it is formed, and that oversight is not merely general, but applies to the constitution of the society, the schedule of its services, the election of its officers and the distribution of its funds."

Some chairmen of standing committees were announced by the moderator as follows:

Bills and overtures, ex-Moderator Dr. Robert R. Booth of New York; judicial business, Dr. Francis C. Monfort of Cincinnati, who was appointed in place of Dr. David R. Breed, who was interested in a case that was to come before this committee; church polity, Dr. John R. Davies of New York; home missions, Dr. William P. Kane of Bloomington; foreign missions, Dr. Benjamin C. Henry of Canton, China; education, Dr. Everett B. Thompson of Crawfordsville, Ind.; church erection, Dr. William F. Jenkins of Montclair, N. J.; theological seminaries, Dr. David R. Breed of Pittsburgh; ministerial relief, Dr. George B. Stewart of Harrisburg; aid for colleges, Dr. Thomas F. Clelland of Duluth, and benevolence, the Rev. Henry G. Smith of the Theological seminary at Cincinnati, O.

The final report of the morning called forth a warm discussion. It related to Sabbath observance, and was presented by Elder William R. Worrell, of New York. The report denounced all work on Sunday, various theories of individual liberty, excursions, ball games, bicycle riding, lax views of the Sabbath, social entertainment and the Sunday newspaper. Christian people were scored for their lax observance of Sunday. The resolution, which was adopted, reaffirmed former deliverances as to the perpetual binding obligation of the Sabbath. They also appointed the last Sabbath in October as a day for the special consideration of the subject, and commended the work of the American Sabbath Union and its auxiliaries.

### THE METHODIST CONFERENCE.

**Many Officers Chosen Friday—Bishops May Choose Their Residences.**

Cleveland, Ohio, May 23.—From this time out the Methodist conference will transact business without reference to committees. Only one or two editors remain to be chosen. The officers elected Friday were:

Secretary of the Sunday-School and Tract society, the Rev. Dr. J. L. Hurlburt; secretary of the board of education, the Rev. Dr. C. H. Payne; editor New York Christian Advocate, the Rev. Dr. J. M. Buckley; editor Western Christian Advocate, Cincinnati, the Rev. Dr. D. H. Moore; editor of the Northwestern Christian Advocate, Chicago, the Rev. Dr. Arthur Edwards; editor of the Pittsburgh Christian Advocate, the Rev. Dr. C. W. Smith; editor of the Central Christian Advocate, St. Louis, the Rev. Dr. Jesse Bowman Young; editor of the Northern Christian Advocate, Syracuse,

the Rev. Dr. E. C. Sawyer; editor of the California Christian Advocate, San Francisco, the Rev. Dr. Winfield Scott Matthews; editor of the Apologist, the Rev. Dr. A. J. Nast.

Great is the conjecture as to what residences the bishops will choose. Portland, Ore., the last of the episcopal residences to be chosen, was approved and a resolution adopted that the bishops should be allowed to choose their residences from among the list selected by the conference, only they must not interfere with the residence already selected by an efficient bishop, provided he wanted to stay.

### BASEBALL REPORT.

**Results of Yesterday's Games in the National League.**

Both of the leaders went down yesterday, but at that the Reds passed up over their fellow-competitors from Cleveland and went to the head of the class, and the two tail-enders each pulled out a game by narrow margins. Philadelphia took a surprising turn and won finally after dropping six straight. The clubs are bunching beautifully, and as yet only three are out of the running. The season is just one-fifth of the way gone and the bunching is so good that none can predict who will lead at the quarter. Results of yesterday's games:

At Cincinnati—  
New York.....1 3 0 0 0 0 0 0—4  
Cincinnati.....1 0 0 0 0 0 0 0—1  
At Cleveland—

### Western League.

The full complement of games were played in this league yesterday. Results:

At St. Paul—Indianapolis, 7; St. Paul, 6.  
At Milwaukee—Milwaukee, 9; Detroit, 2.  
At Minneapolis—Columbus, 7; Minneapolis, 5.  
At Kansas City—Kansas City, 5; Grand Rapids, 0.

### Western Association.

Scores of yesterday's games:  
At Peoria—Peoria, 5; Rockford, 2.  
At Quincy—St. Joseph, 14; Quincy, 9.  
At Dubuque—Dubuque, 7; Cedar Rapids, 6.  
At Burlington—Des Moines, 13; Burlington, 8.

**Incendiary Fires at Detroit, Mich.**  
Detroit, Mich., May 23.—Incendiary fires are becoming so numerous on the east side as to cause alarm. Thursday night two were started within an hour. The lives of nineteen people were greatly imperiled, three houses and a like number of barns were destroyed, and four cows were roasted in the blaze.

Later on the four-story building occupied by the Ideal Paint company was destroyed. All of the fires are suspected to have been incendiary. The police are on the trail and hope to land the fire bugs soon.

**Cook County, Ill., Conceded to Silver**  
Chicago, May 23.—John P. Hopkins, the leader of the "sound money" democrats, has declared that he would not go as a delegate to the state convention at Peoria even though the privilege were granted him by the silver machine. No stronger proof of the bitterness of the fight between the two factions could well be asked for and the prospects are the breach will continue to grow wide. It is conceded that the silver men will sweep the county Monday and run the Tuesday convention.

**Gold Should Be the Standard.**

San Francisco, May 23.—The executive council of the California Bankers' association has adopted a resolution declaring that gold should continue to be the standard of the value, and that silver and paper can be used with safety only in such quantities as can be absorbed and remain in circulation without compelling their redemption to maintain their parity.

**Catholic T. A. Union Meets.**

Peoria, Ill., May 23.—The annual convention of the Catholic Total Abstinence Union of Illinois is being held at Galesburg today. Three hundred delegates are here, and special trains were run from Chicago, Peoria, Springfield and other Illinois points where flourishing branches of the order are established.

**Safe Landing Effected in Cuba.**

New York, May 23.—News of the Laura has been received from Philadelphia by a member of one of the Cuban clubs in this city. According to the dispatch a landing was effected without molestation by the Spaniards. All the men and the entire cargo were put ashore.

**"Gail Hamilton" Improving.**

Salem, Mass., May 23.—Miss Abigail Dodge's condition is somewhat improved. It is thought the attack will prove much less severe than that which prostrated Miss Dodge at Washington a year ago.

**Colorado Town Nearly Consumed.**

Denver, Colo., May 23.—The fire at Breckenridge is under control. Two blocks were burned; loss, \$50,000.

## TARIFF AND SILVER WERE THE THEMES

### ACRIMONIOUS DEBATE IN THE SENATE.

**Senator Butler's Anti-Bond Resolution Taken Up and Discussed—Congressmen Hepburn and Dockery Criticise River and Harbor Appropriations—Washington News Notes**

Washington, May 23.—The chaplain's prayer hardly closed in the senate Friday when Mr. Butler (pop., N. C.) renewed his motion to take up the bill prohibiting the issuing of interest-bearing bonds. Mr. Hill interposed the objection that this was too important a question to be considered "without a quorum." This was the first evidence of a renewal of obstruction, but a quorum being found very quickly the motion was adopted—yeas, 34; nays, 20.

Mr. Mills (dem., Tex.) gave notice that he would object to any business until the pending bill was disposed of, and Mr. Hill began his speech in opposition. "The alleged crime of '73 will be as nothing," he said, "to the crime which will be perpetrated if this bill passes and becomes a law. It is a bold proposition to repeal the resumption act, to repeal the only law which exists for the redemption of the paper currency of the country. By declaring that for no purpose whatever shall money be raised on bonds this measure is in effect a repeal of the act of '75. It is a startling proposition. It will not solve the silver question. It will simply put in peril the finances of the country."

The debate took on a decided political aspect. The most interesting feature was a declaration by Mr. George (dem., Miss.) that if the republicans would agree on a fair, non-partisan measure he would vote for it, even including a duty on wool and lumber, a tax on beer and higher tobacco taxes.

Mr. Sherman said he would appeal to the leaders of the democratic party to shake off the passions of the moment and take up the tariff bill sent by the house. "If we do not act," concluded Mr. Sherman, "the president of the United States will be justified in calling us back here by the 1st of July to do our duty."

Mr. George said he would pledge his own vote to the republican senators if they would get together and frame a proper relief measure. He would accept in such a measure a tax on beer, a revenue tax on wool, lumber, tea, coffee, an increase on tobacco, cigars and cigarettes and a fair revenue duty on any agricultural products imported from Canada to the United States.

Mr. Dubois (rep., Idaho), one of the five republicans who voted against considering the tariff bill, rose at this point and in ironical tones said that of course it would be easy to get together and pass a revenue bill with a free-silver amendment. "You will recall," he said, "that five senators voted against taking up the Dingley bill. Every one of those five senators has been indorsed by his state. Every one of those five senators will be a delegate to the national convention."

Mr. Baker (rep., Kas.) said the bill was a mischievous one and its passage would foreshadow panic, repudiation and possibly revolution.

Mr. Teller replied to Mr. Sherman, denying that his was any repudiation of a contract obligation and declaring that the assertion was "arrant nonsense and untruthful."

Mr. Allen spoke in support of the bill. He referred to Mr. Sherman as "the adviser of the present administration and a frequent visitor at the White House." Mr. Butler asked unanimous consent that a final vote be taken at 4 p. m. on Monday next. Mr. Hill said he saw no objection.

Mr. Chandler reserved the right to move amendments. This raised some complications, and Mr. Dubois finally objected to the agreement, saying it could be arranged tomorrow.

The conference report on the river and harbor bill, including the agreement on the Santa Monica and San Pedro (Cal.) was agreed to.

Mr. Allen, who had the floor on the bond bill, yielded, to continue his speech today. At 5:45 the senate adjourned.

### RIVER AND HARBOR BILL.

**Mr. Hepburn of Iowa Denounces the Measure as Passed.**

Washington, May 23.—The conference report on the river and harbor bill, which reported an agreement on all the items save that relating to the Santa Monica and San Pedro harbors, California, was made the basis of a very bitter attack on the bill in the house Friday by Hepburn (rep., Iowa) and Dockery (dem., Mo.). The latter said he opposed this measure because it contained riotous appropriations not warranted by the condition of the treasury.

Mr. Hepburn said the bill had been passed by a brutal majority without debate, and he made the assertion that not a section of the bill had ever been read in the house. Not in the history of the country had been known such villainous legislation. Seventy-five millions carried in a bill, not a paragraph of which was ever read or considered.

Mr. Hooker's motion to adopt the conference report was agreed to—139 to 56. The speaker re-appointed Messrs. Hooker, Herman and Catchings conferees.

## THE TRADE REVIEW BY DUN & COMPANY

### THEY REPORT THAT BUSINESS IS FAIRLY BRISK.

**Short Crop Stories Have Little Effect on the Market—Increase in Un-sold Iron Stocks—Textile Manufacturers Waiting—The Week's Failures Show Increase.**

New York, May 23.—R. G. Dun & Co.'s Weekly Review of Trade says:

The waiting condition which seems to some people better than a stagnation, still continues. But there is a difference. Thousands of orders and contracts are merely deferred because they can be more safely given a little later. There is nothing exciting in the speculative market for exportable products, and the stories about damage to wheat have been numerous, but the general belief regarding the future supply is fairly reflected in the decline of 1.62 cents per bushel. The western receipts continue larger—for three weeks 5,818,625 bushels, against 4,362,537 last year, while Atlantic exports, flour included, have been only 3,198,803 bushels for the same weeks, against 4,749,674 last year.

The home market falls entirely to respond to short crop stories, for it is known that western reports indicate a crop exceeding last year's. Cotton speculation lifted the price a fraction for a day or two, but it declined again, and such movements are always easy at this season, when stocks can be easily controlled. The European and American mill supplies, with commercial stocks, still exceed maximum consumption for the crop year, and the promise for the coming crop is decidedly good.

If the output of pig iron were always a reliable barometer of business conditions, as some suppose, the returns of furnaces in blast May 1, according to the Iron Age, 188,319 tons, against 187,451 April 1, would be convincing. But the increase of stocks unsold since Jan. 1 has been 242,915 tons, and this deducted from the output of furnaces leaves 2,976,348 tons for four months, which is certainly in excess of the actual consumption, because the stocks of the great steel companies are not included in the statement. Since the steel billet pool was formed these stocks have doubtless increased largely. There is scarcely any improvement in the demand for finished products, though the Bar association has become strong enough to enable makers of steel bars to get a slightly higher price.

The textile manufacturers are still waiting, as they have been for months past, and the extensive curtailment of production does not strengthen prices in the least. Some large cotton mills have discontinued production this week, but the only change in representative quotations is an eighth decline in brown sheetings. The market for woolsens is exceedingly dull, notwithstanding the stoppages of many mills, and while worsteds and clay mixtures are both a shade lower, there is nothing like confidence or activity as yet in any branch of the manufacture.

Sales of wool have been 2,648,200 pounds for the week, at the three chief markets, and for three weeks ending May 21, 9,187,400 pounds, of which 4,882,300 were domestic, against 15,948,350 in the same weeks of 1892, of which 8,601,700 were domestic.

Failures for the week have been 227 in the United States, against 207 last year, and 28 in Canada, against 23 last year.

### Silverites Not to Contest.

Sioux Falls, S. D., May 23.—A report has been sent out from the democratic convention at Aberdeen that the free silver delegates met and selected eight delegates to Chicago who were to go as a contesting delegation. W. A. Lynch of Huron, who led the free silver fight, pronounced the report false. The free silver men met after the conclusion of the convention and debated the question, but finding that there was no excuse upon which to base a contest they voted the proposition down. There is no talk whatever of a contest, though there is considerable grumbling among the free silver men.

### Shively Willing to Make the Race.

Indianapolis, May 23.—Ex-Congressman Shively, of South Bend, has addressed a letter to ex-State Auditor Henderson of this city, stating in effect that while he is not seeking the democratic nomination for governor, he will accept it if it is offered him. In doing so he understands that the party will adopt a free silver platform, as he is unwilling to stand as a candidate on any other issue. The withdrawal of Mortimer Nye leaves the party without a candidate, and the sentiment is rapidly crystallizing in favor of Shively.

### Czar Receives Minister Breckinridge.

Moscow, May 23.—The czar received Minister Breckinridge in special audience Friday and then received the special envoys of the United States at the coronation together. These included General A. McD. McCook and his brother, Aide-de-Camp Scriven, Commander Bronson and Major J. W. Patzki of the special embassy and Rear Admiral T. O. Selfridge, in command of the Mediterranean squadron, who brought his flagship, the Minneapolis, to Cronstadt to attend the coronation as the naval envoy of the United States.

### INVITED TO MEET IN CUBA.

**Work of Cumberland Presbyterian General Assembly.**

Birmingham, Ala., May 23.—At the second day's session of the general assembly of the Cumberland Presbyterian church of the United States, Friday, Moderator Hawkins appointed the usual committees, after which came a flood of overtures and memorials, among them being an invitation for the next assembly to meet in Cuba. All were referred.

The board of education, through Secretary W. J. Darby of Evansville, Ind., reported that sentiment in favor of higher education had made progress. The board has assisted 141 young men. The total attendance upon schools and colleges is 3,254; the value of property is \$621,510; endowment, \$333,793; ordinations for the year, thirty; receipts, \$12,908.

The board of missions reported good progress. The work in Indian Territory, Mexico and Japan has progressed rapidly, there being 624 communicants in Japan.

The board of visitors of the theological seminary at Lebanon, Tenn., reported a total endowment fund of \$62,132, and a roster of thirty-nine pupils. The Sunday school board reported receipts of \$2,100, and recommended the appointment of a superintendent for Sunday schools in each synod.

### MISSISSIPPI RISING.

**Floods Threaten Damage—Cloudbursts Wash Away Buildings.**

Alton, Ill., May 23.—The water in the Mississippi river has been steadily rising for the past week, and is now within nine feet of the flood of 1892. Rivermen predict a repetition of the high water of four years ago.

Newton, Ill., May 23.—This section was visited Thursday evening by a very heavy rainstorm, accompanied by a most vivid electrical display. A wash-out occurred on the Peoria, Decatur and Evansville, near West Liberty, this county. Some damage was done by lightning.

Burlington, Kan., May 23.—This section of the country was visited by a waterspout Thursday night. Rock Creek, which flows through the city, is out of its banks, and has driven many citizens out of their homes. The Neosho is rising, and much damage will be done.

### Mr. Bland Is a Candidate.

St. Louis, Mo., May 23.—Although ex-Governor Bole, of Iowa, will, as a presidential candidate, go at the head of his state delegation to Chicago, "Silver Dick" Bland will not attend the convention. James Bradshaw, of Lebanon, one of Mr. Bland's closest friends in the state, in speaking of the convention outlook, said: "It is true that Mr. Bland was unwilling to have personalities injected into the campaign which might react against the cause of silver. He did not want it said that Missouri was interested in the success of a presidential candidate rather than the success of 16 to 1 silver coinage. But it can be stated now with positiveness that Mr. Bland is a candidate for the presidency, since it has been practically assured that silver will win at Chicago."

### Silver Convention for Michigan.

Lansing, Mich., May 23.—Many responses are being received to letters sent out last week relative to the advisability of holding a mass free silver convention here July 16. As a rule the responses favor the object. It is noticeable that the petitions for the convention are being signed by republicans much more freely than by democrats. The latter are inclined to wait until after the Chicago convention, as they hope that silver will win out at that gathering. Free silver republicans have evidently given up all hope of getting anything but a "sound money" plank or a straddle from the St. Louis convention, and are signing the petition freely.

### Quay and McKinley Meet.

Canton, Ohio, May 23.—The much-talked-of visit of Senator Quay to Major McKinley took place Friday. Quay lunched at the McKinley residence and was afterward driven to the station in the major's private carriage with the ex-governor by his side. They chatted gaily and exchanged smiles. Before parting a hearty handshake was received and given which indicated to on-lookers that the relations between the two men were most cordial and that the visit had been agreeable and satisfactory to both. Both gentlemen refused to talk of the meeting.

### Indiana Home Missionary Society.

Muncie, Ind., May 23.—The last meeting of the Home Missionary society of the North Indiana conference of the Methodist Episcopal church was held Friday. It was decided to hold the next meeting in Wabash in 1897. Mrs. A. F. McCarthy, of Muncie, was elected president. The secretary's report shows an increase of four auxiliaries, two circles and three bands, making a total membership of 1,070. The treasurer's report shows that the society has \$1,601.06 on hand.

### Plans of Iowa Gold Men.

Jefferson, Iowa, May 23.—State Committeeman John McCarthy says a conference of the state committee, which stands eight for "sound money" and three for silver, was held and a plan formulated which will be put into operation in case the silver men should control the national convention. He says there is fun ahead.

## BOYCOTT ILLEGAL THE MAYOR HOLDS

### MILWAUKEE MAY PROSECUTE STIKERS FOR CONSPIRACY.

**Proclamation Was Issued This Morning and Arrests and a 1st Case Likely to Follow—Many People Will Be Idle Unless Something is Done.**

Milwaukee, May 23.—Mayor Bauschberger today issued a proclamation declaring the boycott on merchants, growing out of the street car strike, illegal. Unless the trouble is settled soon, and the boycotts declared off, the major part of 15,000 people, who are employed in the stores, etc., will be thrown out of work. "Business is seriously retarded, and the situation is serious. In all probability, some of the boycotters will be arrested on the charge of conspiracy and a test case made. Yesterday demand was made on the governor to call an extra session of the legislature for the purpose of condemning the property of the Milwaukee Electric Railway and Lighting company. This was done at a meeting held at the West Side Turner Hall Friday night. The legislature, it was claimed, would not be in session over three weeks, as the work of condemning the property, assessing its value and its purchase by the city could all be done in that length of time. The right of eminent domain, it was asserted, had been often exercised in the interests of corporations, and now was the time to give them a dose of their own medicine. The meeting ended in the adoption of resolutions requesting Governor Upham to call a special session and the appointment of a committee of seven to present the matter to the governor.

**French Gets a New Trial.**  
Madison, Wis., May 23.—The supreme court has handed down a decision in the case of the state against William French, who, in March, 1891, shot Galvin M. Steel at Ashland. The court reversed the decision of the lower court and directed the warden of the state prison to remand French to the custody of the Ashland county sheriff. Insanity was French's defense. The murder grew out of the alleged relations of Mrs. French, the wife of the defendant, with James Duket.

**General Fairchild Slaking.**  
Madison, Wis., May 23.—The condition of General Fairchild is very critical. He is weaker, and friends who were allowed to approach his bedside yesterday fear that the end is near. His daughter, Mrs. Charles M. Morris, of this city, returned from the east today and is with her father. Another daughter, Mrs. Selden Bacon, of New York, is expected.

**DISCREDITS THE REPORT.**  
**Taubeneck Knows Nothing of Alleged Fusion with Indiana Democrats.**  
St. Louis, May 23.—The announcement from Indiana that the populists of every state are to fuse with the democrats in case a free-silver platform is adopted has excited much interest among local populists. Chairman Taubeneck of the people's party national executive committee, when seen, said: "I know absolutely nothing of the story. No populist, bimetalist, or silver democrat has ever mentioned this to me. If the populists of Indiana have agreed to a combination of this kind they have not taken any one into their confidence. So far as the national committee of the people's party is concerned there is no truth in the report."

**Spaniards Torture Prisoners.**  
Key West, Fla., May 23.—Advices from Cuba state that on May 6 a fight occurred at Cruces, Santa Clara, between the Spanish and insurgent troops. The Spaniards lost ten killed and twelve wounded, and then sheltered themselves in small forts. The Cubans' loss was ten dead and wounded. The Spaniards captured Commander Mammerto Romero. The Spaniards wanted to burn Romero alive, tortured him with bayonet thrusts, and committed various other outrages upon him. On May 14, at 5 o'clock, notwithstanding that Romero was badly wounded, he was shot. As he knelt he shouted "Viva Cuba libre," and fell dead.

**Presbyterian Youth.**

Memphis, Tenn., May 23.—At 9 o'clock Friday morning the gavel of the moderator, Rev. Dr. Mallard, called the Presbyterian general assembly, south to order, and the second day's proceedings were begun. The standing committee were announced. The report of the board of trustees of the general assembly showed that the receipts for the following year amounted to \$8,559, disbursements being \$8,579.

**Methodist Protestants.**

Kansas City, Mo., May 23.—Final adjournment of the Methodist Protestant conference is in sight, and many delegates have already left for home to avoid traveling on Sunday. The Kansas City university project was commended and trustees to manage it nominated.

**Dubuque's Mayor Indicted.**

Dubuque, Iowa, May 23.—The grand jury of Dubuque county Friday brought in two indictments against ex-Mayor Olinger, one for embezzlement and one for willful and corrupt misconduct in office.

## THEY MET FOR WORK IN A GOOD CAUSE

### WOMAN'S FOREIGN MISSION SOCIETY'S SESSION.

Coincidence in the Calling of the Organization to Order by Presiding Elder F. A. Pease at Edgerton—The Papers Presented—List of the Delegates Present.

Edgerton, May 23.—The twenty-third annual session of the Woman's Foreign Missionary Society of Janesville District which was held at Edgerton, was a very profitable session. The first meeting of the body was held in this city twenty-two years ago, and was called through the courtesy and kindness of Rev. P. B. Pease, then presiding elder of the district, and at this meeting his son, F. A. Pease filling the same position as did his father, preached before the ladies' convention.

Mrs. M. A. Marshall, of Beloit, president of the assembly, has held that office seventeen of the twenty-two years of its existence. She is greatly loved by the ladies of the district who look upon her as the embodiment of self-sacrifice and devotion to their beloved cause.

Mrs. Clifford, the corresponding secretary, also of Beloit, sits upon the platform and assists the convention. She has been elected to this office for the third time.

Mrs. Stoney, the retiring treasurer, has for two years carefully guarded the funds, which is no slight task in itself. The presence of Miss Franc Baker, of Detroit, who is missionary evangelist for the north-western branch, adds much to the interest of the meeting. She has never herself been to the foreign missionary fields, but is a veritable walking encyclopedia of missionary information. She has just completed a history of the Woman's Foreign Missionary Society, a most interesting and exhaustive work. Those who listened to her address Wednesday evening found her to be sparkling and witty, and capable of putting the truth in a graphic manner that carries conviction with it.

The Papers Read  
Papers have been presented by Mrs. Wills on the "Deaconess in Foreign Fields," by Mrs. Olin, of Delavan, on the "Friends and Foes of Foreign Missions," and Mrs. Dr. Halsey, of Janesville on "My Missionary Heroine." Mrs. Sanford of Palmyra gave a delightful bible reading on "Woman's Divine Commission." Sessions have been enlivened by excellent music, Janesville district, in its mission work, is one of the strongest in the state and has within its borders many earnest and devout workers. The delegates, which number 49, were delighted with the city and with the hospitable and kind manner in which they have been welcomed and entertained. The following is a list of delegates present:

GEORGE B. INGERSOLL TO WED

Will Be Married to Miss Theresa Jenkins On June 3.

The invitations are out for the wedding of George B. Ingersoll to Theresa May Jenkins, to occur June 3, at the home of the bride's mother, 141 School street, Beloit.

Mr. Ingersoll, who is the present city clerk of Beloit, and a son of Cham Ingersoll, editor of the Beloit Free Press, is well known here.

Nicholas Smith, editor of The Commonwealth, will probably give the welcoming address.

NO "FREIGHTS" RUN ON JUNE 10

St. Paul Company Making Arrangements For the Big Picnic

The local officials of the St. Paul road are planning for the receiving of the numerous trains that will pull into the city on June 10. Present arrangements indicate the intention to have every freight car, whether loaded or empty, out of the city, and no freight trains will pull into the city on that day. The C. & N. W. company will also dispose of all the freight cars possible, so as to have sidetrack room.

At the corner of Palm and Pleasant streets masons have completed the foundation for a handsome dwelling to be erected by Joseph Erdman. The house will be one of the best built in that section of the city, and the estimated cost is \$2,200.

HIGH SCHOOL NINE IS BEATEN

Beloit Boys Beat Them in a Ragged Contest Yesterday.

The Beloit High School nine defeated the Janesville High school nine at the Line City yesterday by a score of 27 to 22. The game was a ragged one. The Beloit team will play the local nine next Wednesday and will be the last league contest seen in this city.

What people want in an ad, is exact definite information. It ought to be given to them in a smooth, more or less agreeable way and as strongly as possible, for "the other fellow" is after these same people.

## NO ONE BLAMED FOR ACCIDENT

The Coroner's Jury's Finding Regarding the Footville Horror

The coroner's jury that investigated the cause of the accident that resulted in the death of Mrs. Snyder and Miss Myrtle Silverthorn, at Footville, some days ago, simply stated the facts in the verdict without attaching any blame to any one. Drs. Anderson and Lacy gave testimony as to the injuries which were the direct cause of the death of the unfortunate ladies. No especially new facts were brought out. The engineer testified that the storm was so severe he could not look out of the side windows of the cab at all and saw nothing of the carriage until he was upon it. Justice Helmbolt of Orfordville, conducted the inquest.

## FEW WOLVES ARE KILLED NOW

Scalps are Seldom Presented to the County Clerk These Days.

Rock county's "wolf crop" has been unusually small this summer. County Clerk McIntyre says that so far this year but three scalps have been presented for the legal bounty, all of them coming from the town of Magnolia. During last season nineteen scalps were paid for, while during the summer of '94 the county settled for twenty-seven scalps. All of the wolves captured are young ones and it is very seldom that an old one is caught, probably owing to the fact that the old ones are "exceedingly sly."

## PUSH "THE LEAF" TO THE FRONT.

Alderman Heddles Now the Principal Owner of the Publication.

The well known tobacco journal, "The Wisconsin Tobacco Leaf," is now principally owned by Alderman S. B. Heddles. Although Alderman Heddles has always been interested in this journal, it has been in a small way until recently. It is the wish of Mr. Heddles to push the paper to the front, and make it one of the foremost in this part of the country. Alderman Heddles is a hustler, and a level headed business man, and that he will accomplish his aim with "The Leaf" goes without saying.

## G. A. R. POST ADOPT RESOLUTIONS

W. H. Sargent Comrades Take Action Regarding Gen. Fairchild's Illness

At a regular meeting of W. H. Sargent Post No. 20, G. A. R., last night, the following resolutions were offered by Surgeon Whiting and unanimously adopted:

WHEREAS, W. H. Sargent Post No. 20, G. A. R. has heard with profound regret and solicitude of the illness of our distinguished comrade, Gen. Lucius Fairchild, therefore

Resolved, That the commander be requested to tender our loving sympathy to General Fairchild and his family, with the hope of his early recovery.

## CYCLERS RIDE ON SIDEWALKS.

The Fourth Ward People Complain of Two Lady Wheelmen.

Residents of the Fourth ward complain that two well known lady cyclers are continually riding their wheels on the sidewalks in that section of the city contrary to the ordinances. Not only in the Fourth ward has the complaint been made, but protests came from sections of the city. The police declare that the time is near at hand when they will make an example of some one so the offenders had better give up the practice.

## INSURANCE COMPANY TO MEET.

Harmony's Mutual Organization Will Be in Session June 1.

The annual meeting of the Farmers' Mutual Fire Insurance Company, of Harmony will occur at the town hall, in Harmony, at 2 o'clock p. m., June 1, for the election of seven directors and for the transaction of any other business that may come before the meeting. Amendments to by-laws will be offered.

## THE OVERFLOW OF LOCAL NEWS.

### WOODMEN MAKE A STATEMENT

Florence Camp Issues a Letter in Regard To the Parade.

TO THE CITIZENS OF JANESVILLE:—We noticed in last evening's Gazette, a scurrilous, underhanded attack upon us in regard to the parade up North Main street. We would be very glad, if practicable, to pass every store and house that donated anything to the fund. But, inasmuch as we know that would be impossible, we have, as far as possible, given each contributor to our picnic fund twice as much in a free advertisement on our program as anyone has donated. We will be very glad to publish at our own expense, a full list of names of those who promised to give and are now sorry. If we were not an organization of poor men we would say "keep your money, if it is not given freely, and we will pay all expenses." We have all worked hard for one whole year to bring the picnic to Janesville and have the largest crowd of people ever here. Every one of us has done all he could. For what?

First, to increase our membership, and advertise the greatest fraternal insurance on earth.

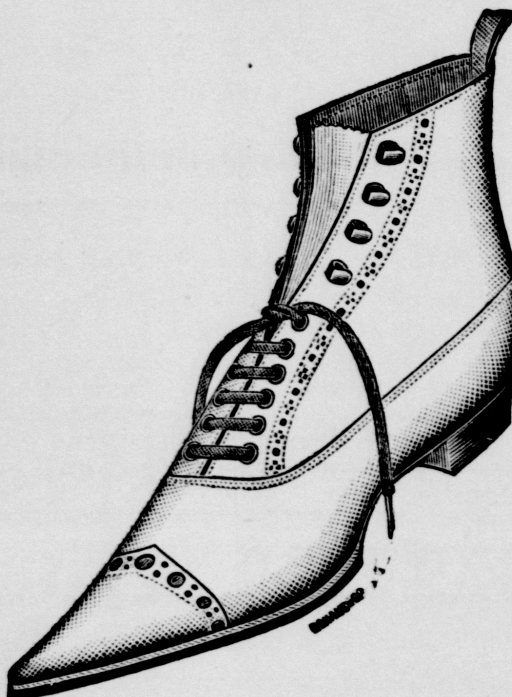

Second, to turn into our merchants' hands at least \$50,000 of outside money.

There are always people dissatisfied and if this one or any other, will send his name to our lodge Tuesday evening, I think we can arrange matters so that we can take every person here June 10, to his store and each buy—well it is hard luck enough for our two hundred and fifty members to know who he is, without publishing his name and business.

But to those who have freely and kindly given, we hope we can do you good. If you are not repaid on that one day, remember we belong to a class who will keep and look over the names of our friends, and you may in time be well paid. Ask what is reasonable and we will try and give it.

### GIVE EXHIBITION OF ART WORK.

Janesville School Scholars' Drawing to Be on Exhibition.

Open house will be kept at the new High school on Woodmen's day, and all of commencement week, and the drawings made by pupils in the Janesville schools will be on exhibition. The collection is now being prepared, and put in place. A committee will be on hand to escort the visitors through the building the day of the big picnic, and all will be made welcome. All citizens of Janesville are earnestly requested to inspect the work of the scholars, and although they will be welcome on June 10, it is suggested that they come some other day, so as to allow all the strangers who desire to go through the school; the opportunity to do so.

While it may not be generally understood by citizens that drawing is taught in the schools, all the classes have daily exercises in art work, and their pictures, etc., are very creditable productions. These samples are now being mounted, etc., under the direction of Miss Mary Morse, the special instructor in this line.

An exhibition of the work of the pupils in the manual training department will also be given.

No admittance will be charged, and Superintendent Mayne hopes that the people will come and inspect the work of the pupils.

### BURR'S WORLD'S FAIR MEDAL HERE

Mus-Kik-A-Wa-Boo Water Got the Award Over All Others.

William H. Burr has received a trophy that he values very highly. The article in question is no other than the World's fair medal, which was awarded Mr. Burr at the fair in recognition of the superior medicinal quality of Mus-kik-a-wa-boo water, which is taken from the Burr Springs, three miles north of the city. The medal is of bronze and is handsomely engraved, and is a prize that is much valued by the owner, as it certifies that the water from the spring is the best in the world for kidney trouble, etc. Hundreds of waters from the United States and Europe as well, were entered, but Mus-kik-a-wa-boo got the award over them all.

### THE WEEK'S NEWS AT CLINTON

Crisp Notes Gathered by the Gazette's Wide Awake Correspondent.

Clinton, May 22.—A. Woodard and family were called to Evanston, Ill., Friday by the illness of their daughter Fannie. The ice cream social which was held at the Baptist church Thursday evening, was well attended. J. O. Ford has purchased a barber shop at Elkhorn, and will move there soon. ### FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Case.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind.:

Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to my expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only sure cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only ninety pounds and now I weigh one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles.

Mrs. M. C. HINKLEY.

There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without griping and restoring natural action of the bowels.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

THIS DAY IN HISTORY.

1783—James Otis, patriot orator of the Revolution, killed by lightning at Andover, Mass.; born 1725.

1810—Sarah Margaret Fuller, author and Marchioness d'Ossoli, born in Chambersport, Mass.; drowned off Long Island 1850. Margaret Fuller began her independent career, upon the death of her father, as a teacher. Having mastered French and Italian, she made a notable translation of Eckman's "Conversations With Goethe." Subsequently she became editor of the transcendental monthly, The Dial, and also literary editor of the New York Tribune. She visited France and Italy in 1847 and in the latter year married Marquis d'Ossoli, a liberal Italian nobleman. Husband, wife and infant went down in a terrible shipwreck while voyaging to America.

1824—Ambrose E. Burnside, eminent Union general, born at Liberty, Ind.; died 1881.

1881—Professor Leopold von Ranke, eminent German historian and authority on European politics, died at Berlin; born 1776.

Wise republicans will do well to study every scheme presented to them for their endorsement. The assistant democratic brigade of schemers are all working over time to hatch up something that will endanger republican success next November. Look out for them.

Hon. Perry Belmont, the man who once tried to monkey with the Blaine buzz saw, has gone to London to ask Where-did-he-get-it Croker if he may have the democratic nomination for Governor of New York.

Impressions are common enough, from other people, about Mr. Cleveland's intention as to a third term nomination, but Mr. Cleveland's own impression is yet to be made public.

The Milwaukee man who occupied a chair in the barber shop when the barber became violently insane will probably shave himself the rest of his life, or let his whiskers grow.

There seems to be quite as much exaggeration as to the number and extent of filibuster expeditions to Cuba as there is in the number of Spanish victories.

Why didn't somebody tell Senator Hill that the Queen of Holland was on the marriage market, before she got engaged? Davy will be out of a job next March.

Had the republicans had a majority in the senate, congress would have adjourned May 18, the date set by the resolution adopted by the house several weeks ago.

Some few republicans are acting as if they were almighty sorry the party has such a cinch this year. Too much of that sort of thing will break the cinch.

It is said that Mr. Cleveland is thinking of asking Secretary Morton to prolong his visit to the Pacific coast until after the Chicago convention.

No master where Dick Croker got it, he seems to be dropping quite heavily on the English turf.

## FOR DETECTIVES ONLY.

A Trade Paper for the Thief-Catching Profession.

The American Hawkshaw will go down into literature outside of the dime novel and the detective story, for he has a newspaper of his own, says an exchange. This unique addition to the list of class papers is published monthly at Indianapolis by the veteran detective, Capt. Webster, and it is devoted to the interests of detectives and policemen.

Its news columns are given over to a bulletin of more than \$15,000 in cash rewards, with a veritable rogues gallery of pictures and descriptions of "crooks wanted," while the latest swindling schemes and methods of detection are fully explained for its crime investigating readers. It is interesting to read that "if you want to succeed as a detective you should understand hypnotism."

"Do you need bracelets in your business?" queries a dealer in patent nippers, handcuffs and dark lanterns. "Mustache, whiskers—just the thing to change your appearance when shadowing," suggests another advertiser, while "skeleton keys to open 5,000 desks, drawers, trunks and padlocks, set of six," are offered to the profession at \$1. It is rather gruesome to learn that "\$100 spot cash buys a pair of thoroughbred English bloodhounds, only 10 months old, and already keep a cold trail better than most old dogs; best investment a sheriff or special officer can make." Also, "for 25 cents you can learn how to detect counterfeit money."

The most novel article is a brief treatise on "psychology" as applied to crime detection. The departments of "Police Pickings" and "Secret-Service Snap Shots" contain suggestive items all the way from the fact that "the city council of Colfax, Wash., has decided to reduce its police force to one man" to the statement that "New York has ninety-four policemen to the square mile."

In an article on the future of the detective service the detective writer declares that "dime-novel writers have done amateur detectives more mischief than anything in existence, but remember truth is stranger than fiction."

The editor estimates that the "average earnings of private detectives are: First year, \$850; second year, \$1,500; third year, \$3,000." He says: "If all the detectives and police in the United States should lay off for a month every citizen would have to fix up his house like an arsenal to protect his family and property."

Detectives are advised to "keep a watchful eye on the stranger, whether he is a suspicious-looking character or not"; also to "study human nature. We can learn as much from the people we meet as from the books we read." "The faculty of remembering faces is one that can be cultivated. In the detective business it can be turned to account every day."

## Thibetan Women.

The women are as tall as the men, much more fully developed, and frequently quite good looking. But the iron rule of fashion forces them to hide their rosy cheeks under a thick coating of tea-ja, a black, sticky paste made of catechu. This is to preserve their complexion from the cutting wind—so say those who are matter-of-fact, but others tell a different tale. More than a hundred years ago there lived at Lh'asa a great giant named Demo Rinpoche, who did much to restore the purity of monastic life, which had greatly suffered under the licentious rule of the sixth pontiff of Lh'asa, Ts'angyang Jyats'o. Canon law says that when a monk goes abroad he must keep his eyes fixed on the ground some little distance ahead of him, looking neither to the right nor the left; but the rosy cheeks and bright eyes of the women caused the lamas to forget this law, and great disorders ensued. Demo Rinpoche then commanded that no woman should go abroad unless her face was well besmeared with black, and soon this became the fashion throughout the whole country. Time and again I tried to induce the girls in the houses where I was stopping to wash their faces clean, promising them beads and other ornaments; but in vain. They said they washed only when the feasts came around, some four or five times a year.

## The Penetrating Intellect.

The detective stood looking down the street for a clue. The man who is always at his elbow taking stenographic notes of his conversation for publication inquired eagerly: "Do you see anything?" "Yes. There is some one standing on that sunshiny corner."

"Zounds! So there is!" "He is either a dude or a prize-fighter."

"How do you know that?" "He is smoking a cigarette. In five minutes I will tell you which he is." "Impossible!" "It is very simple. If he is a dude he will be unable to think of anything to say. If he is a prize-fighter he will be unable to stop talking."—Washington Star.

## Feminine Taste.

Old Graybeard—It's a pity to keep such a pretty bird in a cage. Mrs. de Style—Isn't it a shame! How perfectly exquisitely lovely it would look on a hat?—Tid-Bits.

## What We Have.

"And now that the snow and ice of winter have vanished," gushed the pretty Sunday school teacher to her class of boys, "and the glad harbingers announce the bursting buds, the tiny rivulets swell into lusty streams and little birds render vocal the morning—what is it we have? Who can answer?"

A warty hand went up.

"Yes, Robert, you may answer. What do we have?"

"Sulphur and molasses," replied Robert, earnestly.—N. Y. Recorder.

## How They Are Designed.

"What do you think of my hat?" she asked.

"Well, that depends," replied her dearest friend.

"Depends! Depends on what?"

"Why, it's very pretty and suitable for some places, but not for others. For instance, I shouldn't think it at all appropriate for theater wear. The feathers are not big enough and there are not enough of them."—Chicago Evening Post.

## Really the Best.

"'Twas last night at the widdin'," said Pat, with battered face, "I axed a chap who seemed to be a bossin' o' the place, 'An' who the deil are you? fer I was lookin' fer a fight, when he said he was the 'best mon,' an' I found out he was right."

—L. A. W. Bulletin.

## AN AGGRAVATING DOUBT.

"Now I wonder whether I have injured my digestion or am I unhappy in love?"—Fliegende Blaetter.

## Waiting for Him.

He stayed until Aunt Lang Syne was sung And the stars had begun to pale; He has an excuse on his ready tongue, But will the excuse avail? Oh, well for him that he doesn't know That she stands in the hallway dim With the broom in her hand and muttering: "Oh, but I won't do a thing to him!"—Boston Courier.

## Had to Keep Hustling.

"It's strange," said the thoughtful man, "how some people give up their lives to the pursuit of money. There's Catchington. He's an old man and a millionaire, but I wouldn't think of hustling after the dollar as he does." "No," replied his wife; "but you haven't any titled son-in-law in your family, as he has, either."—Washington Star.

## Medical Intelligence.

"Doctor, I come to see you about my younger brother."

"What is the matter with him?"

"One of his legs is shorter than the other, and he limps. Now, what would you do in a case of that kind?"

"I reckon I'd limp, too."—Texas Sifter.

## Obeyed Instructions.

"Hannah, what are you standing there staring at me for? Didn't I tell you I was not to be interrupted unless the house was on fire?"

"Well, mum, that's it. It do be burning this half hour."—Detroit Free Press.

A ballet girl's outfit at the Metropolitan opera house costs an even \$11, says the New York World. Of this \$8 goes for a pair of silk tights, \$2 for a pair of ballet slippers, and \$1 for enough tulle to make a practice skirt. At rehearsals she may wear any old bodice that suits her, and such costumes as are required for a performance are furnished by the management.

The ballet slippers may be had of either of two local manufacturers or may be imported. A fairly good pair will last about three months. The soles will hold out that long, but the uppers are covered and recovered a number of times. The covering is always of white or pink satin. By the time the soles are worn out the slippers have been covered probably six or seven times.

These slippers can be bought in London for about 50 cents a pair. Most English girls who come here to dance bring a supply with them. One enterprising miss now dancing has her slippers sent to her by mail, wrapped up in a bundle of newspapers.

The tights found by the girls are pink or flesh-color. If the operas call for any other color the management furnishes them.

The practice skirts are used only at the daily rehearsals.

In construction they are simple. A piece of from twelve to fifteen yards of tulle is made into two skirts, one over the other. They are simply gathered in a yoke and scalloped at the edge. There is nothing showy about them. They are meant for hard work and are very business-like looking affairs. A practice skirt will last about four months.

## Lost Grandeur of the East.

A comparison between the annual revenues of the Byzantine empire in the beginning of the thirteenth century and the present revenues of the empire of the Ottoman Turks brings before the mind's eye a picture of the lost grandeur and wealth of provinces over which now broods the silence of desolation. At the period mentioned the dominions of the Greek emperors at Constantinople had been impoverished by the invasion of the Frank Crusaders, and the chief part of Asia Minor, with its flourishing cities, had been wrested from the Byzantine monarchs by conquering Islam; yet the annual income of the successors of Constantine amounted to \$650,000,000. The revenues of the Sultan's empire have shrunk to \$90,000,000 per year. Such is the blight which Turkish misrule has brought upon some of the fairest regions of the earth.—Philadelphia Record.

## PREVAILING MODES.

Sleeves Declining In Size, but Exhibit a Variety of Trimming.

Canvas is becoming more and more popular and bids fair to supersede the ubiquitous crocheted by and by.

Embroidery is one of the features of seasonable costumes. There are many new dresses shown with skirt front, vest collar, cuffs, wide revers and belt edged with needlework. This may be in the color of the fabric, or what is better liked, in wreaths, garlands and bouquets in natural tints.

The Louis Quinze and Louis Seize epochs continue to inspire fashion, and color and elaborate trimming are features of these artificial but charming styles.

The decrease in the size of sleeves, although decided, is gradual, and the change to really tight arm coverings and narrow shoulders is likely to seem by no means abrupt. A great deal of variety in form is permissible, diverse ways of draping being employed and an infinite variety of arrangements of buttons, bows, ruffles, plaits and revers affording ample range for the fancy. Some of the newest sleeves have the fullness drawn up almost to the shoulder by a buckle or bow, the rest of the arm being shown smoothly fitted.

Bodices are very much trimmed, whether they are tight or of the blouse form.

LOUIS XV COSTUME.

There are no decided blouses any more, a very slight fullness being now characterized by that name.

As the season advances, the full vest of silk, mousseline de soie, lawn or lace will replace the close vest with Louis Quinze bodices.

Skirts will continue to be tight around the hips and wide at the foot, but will be softer and will have less stiffening in them. This is a decided move in the right direction. Nothing except fashion could possibly recommend the heavy, angular, rigid skirts that have been prevailing of late. They are uncomfortable and unwholesome, difficult to make and unpleasant to wear.

The sketch shows a gown of pearl gray faille, the bodice skirt of which is embroidered with steel and ornamented around the foot with oblique straps of dark green ribbon. The Louis Quinze bodice has a full basque and double revers embroidered with steel. The bodice opens over a draped fichu of ivory gauze trimmed with lace. The sleeves are ornamented with knots at the elbow and frills of lace at the wrist. The buttons are of paste.

## MILLINERY AND TRIMMINGS.

Bright Colors In Millinery—Buttons Costly Enough For The Jewel Case.

Watteau effects are seen not only in fans and in the flowered designs of dress goods, but in millinery. One of the newest French models is in this style. It is flat, with a medium width brim turned up somewhat at the back. It is set forward over the face and is trimmed with flowers, feathers and ribbons, a cluster of trimming being arranged under the brim behind to rest upon the hair. The whole thing is very piquant and attractive, but suitable only for a young and pretty face.

A great deal of color and ornamentation will be the rule in the millinery world during the coming season. Nothing is too brilliant or elaborate to be fashionable. Color is, after all, in spite of the dictum of a certain cult, which affects to consider it vulgar, a very attractive and artistic element, but it must be harmonious and becoming. Rich tones, well combined, are a delight to the eye and ought to be appreciated at their true value.

Buttons go from the extreme of largest size to tiny dots used with lavish profusion. The most costly are used to fasten bands and revers on outdoor dresses, on cavalier coats and mantles. Some of these, of silver and inlaid pearl, are fit for museums.

LOUIS XV HAT.

or to hand down as heirlooms. Tiny diamonds, turquoise, ruby and other glittering buttons are greatly in vogue for elegant evening toilets, and in combination with trimmings of velvet and tatted silk applications, lace appliques and ivory guipure, embroidered with jet and edged with fur or appliqued with lace on black net. Cut steel and paste are used on visiting toilets; smoked pearl on cloth and beaver.

The illustration given today shows a Louis Quinze hat, as attractive and coquettish as everything of that order always is. The hat is of red green straw and is trimmed at the sides and back with a mass of roses mingled with foliage. Roses are also placed under the lifted brim behind. A drapery of lace is carried across the front of the crown and a fan of lace arises at each side. A paste buckle retains the lace in place. The collarette accompanying the hat is of plaited pink gauze and is trimmed with coques of ribbon on each side. JUDIC CHOLLET.

## Points of Propriety.

Emma, Katie and Mary want answers to some questions that they cannot settle in their own minds. 1. Is it proper for a young lady to send a New Year's card to a widower unless he has first sent one to her? 2. If a gentleman presses a lady's hand, is it a sign that he has a friendly regard for her, and should she return it? 3. If a young lady changes her place of residence, should she send her new address to a gentleman whose acquaintance she has recently made—one who calls on her occasionally? Answer: 1. Unless there is a well-established friendship, it is just as well for a lady not to send New Year's cards or any other cards to gentlemen outside of her relations. If he is an old friend or a regular visitor in the household, it might be admissible; but it is better not to do it. 2. Pressures of the hand are of very little moment as indicating friendly regard. Indeed, a man whose intentions or overtures are confined to hand-pressures is better left alone. If a man has a real, genuine, sincere, honest regard for a girl, he has a voice and can say so. Don't take any pantomime or dumb show or hand-pressures as a sign of any man's good feeling or intention. Let him express his sentiments in words, if they are honest and honorable, otherwise let him keep a respectful distance. 3. It depends entirely on circumstances whether a young lady should inform a young man of her change of residence. If he has been a regular caller and has been received by her family, she might do so. Or, what is much better, she could ask some mutual friend to give him the address. Writing to young men with whom she is not very well acquainted is not at all wise or prudent, and sensible, self-respecting girls are very careful how they take such risks.—New York Ledger.

## Gold Find in Montana.

A rich gold discovery is reported from Flint creek, in the Georgetown district, Montana. Nine weeks ago Sam Snider, a destitute and hungry Butte prospector, trailed a deer over the hills, and accidentally discovered a fabulously rich ledge, which he has been working since alone and in secret. He came to town a few days ago with thousands of dollars' worth of gold, and the reports of men who have since inspected the prospect say that Snider has \$1,000,000 in sight, although his prospect hole is only about fifteen feet deep. The vein is only eight inches wide, so far as developed, but is yellow with virgin gold.

## Too Previous.

"I suppose that one ought not to be about too much with one's fiancée," draws the earl of Thamesmead in "An Artist's Model."

"It's like sitting down to dinner half an hour before it is served."—New York World.

Health and strength carry us through dangers and make us safe in the presence of peril. A perfectly strong man with rich, pure blood, has nothing to fear from germs. He may breathe in the bacilli of consumption with impunity. If there is a weak spot where the germs may find an entrance to the tissues, then the trouble begins. Disease germs propagate with lightning-like rapidity. Once in the blood, the only way to get rid of them is to kill them. This is what Dr. Pierce's Golden Medical Discovery is for. It purifies the blood. That means that it kills the germs, but that is only part of what it does. It assists, by stimulating the secretion of digestive fluids, so promoting assimilation and nutrition; purifies and enriches the blood and so supplies the tissues with the food they need. It builds up strong, healthy flesh and puts the whole body into a disease-resisting state.

## WOMEN WANT TO KNOW.

TO WHOM CAN THEY TELL THEIR TROUBLES?

A Woman Answers "To Me"—Anxious Inquirers Intelligently Answered—Thousands of Grateful Letters.

Women regard it as a blessing that they can talk to a woman who fully understands their every ailment, and thus avoid the examinations, experi-

ments and theories of incompetent physicians, whose sex deprives them of knowing by experience. The endless confidence placed in Mrs. Pinkham by American women, prompts them to seek her advice constantly. Female diseases yield to Lydia E. Pinkham's Vegetable Compound at once. Inflammation, ulceration, falling and displacement of the womb, ovarian troubles, spinal weakness and kidney complaints, all have their symptoms, and should be "nipped in the bud." Bearing-down pains, backache, headache, nervousness, pains in groins, lassitude, whites, irregularities, dread of impending evil, blues, sleeplessness, faintness, etc.

Here is testimony right to the point: "The doctors told me that unless I went to the hospital and had an operation performed, I could not live. I had falling, enlargement and ulceration of the womb."

"I was in constant misery all the time; my back ached; I was always tired. It was impossible for me to walk far or stand long at a time. I was surely a wreck. I decided that I would give your Compound and Sanative Wash a trial."

"I took three bottles of Lydia E. Pinkham's Vegetable Compound, and used two packages of Sanative Wash, and I am now almost well. I am stouter and healthier than I have ever been in my life. My friends and neighbors and the doctors are surprised at my rapid improvement. I have told them all what I have been taking."

## All the Latest Style and Newest Ideas

You will be pleased to look over this fine collection of new and beautiful parasols. There is one new fad that is running largely in the east; that is **22 in.** plain Parasols in black and colors. They are very nobby. We show a good assortment of them. There are in this lot many novelties, only one of a kind, those peculiar marked styles that you don't want to have too many of one kind in the city. You know what we mean. You can get a pretty style and no one can have one like it. That is an advantage in high art Parasols. It would be a good idea to come and select one while there is a big assortment. You know how it goes in this line of stuff. Those who buy early get the choice things and those who wait get what the other people don't want.

Come and See This Great Line Of Parasols.

BORT, BAILEY & CO.

THIS is what the writer, a Minnesota school girl, calls a "labor-saving poem."

"Some cooks bake with cottolene,  
" " " " lard,  
" " " use no grease at all,  
But their crust's mighty bad.  
Some men chew their plug tobacco,  
" " " the tag,  
" " " never work their jaw  
Except to chew the rag."

## Many a Man

Is inclined, when he pays his wife's millinery bill at other stores, to quite forcibly emphasize that last line; but how different is the man whose wife buys her headgear in our department. Prices are so reasonable on every line that the very swellest of hats are within reach, —and another strong point is that no matter what the price may be, nothing is sacrificed in style and the same pains are taken with the less expensive as with those of highest cost. Daily additions of late novelties, pattern hats, &c., keep this department lively, and the best dressers naturally look here for right ideas.
